# OUR COMPANY

## PROTECTING YOUR PRODUCTS

**WE TAKE PRIDE IN OUR COMMITMENT TO QUALITY,  
INNOVATION, AND SUSTAINABILITY**

**We understand that protecting products during transport is not only crucial for our clients but also for the environment. That's why we continuously strive to improve our manufacturing processes and incorporate sustainable materials into our products.**

### **Connecting Equipment with the Right Materials for Optimal Performance**

We recognize that having the right materials for your equipment is crucial to maintaining optimal performance. We work with a wide range of materials and offer solutions that are designed to keep your equipment running properly. Our commitment to quality and customer service is unmatched in the industry. We provide prompt and effective support to our customers to troubleshoot any technical issues or answer any questions about our products and services.

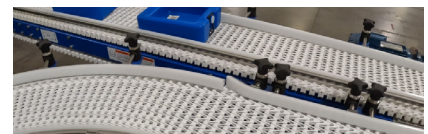

### **Services**

At Continental, our experienced engineers provide customized automation solutions that increase efficiency and ensure seamless integration with your existing systems.

### **Products**

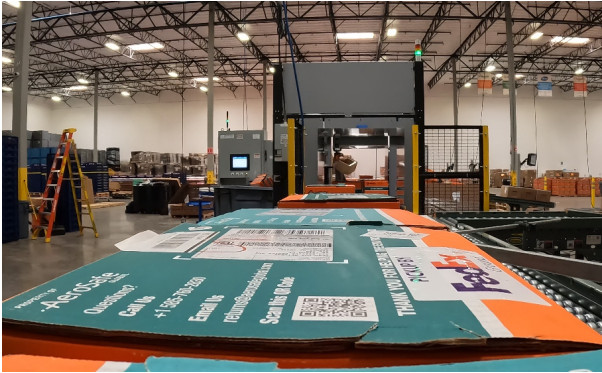

From stretch wrap to slip sheets, our products are engineered to maximize efficiency, minimize waste, and ensure the safe transport of goods.

### **Equipment**

From custom designs to innovative upgrades, our team of experts is dedicated to providing solutions that improve efficiency, productivity, and safety.

# OUR COMPANY APPROACH

## 1. CUSTOMIZED SOLUTIONS

---

We believe in a tailored approach to meet your unique requirements, providing customized material and equipment solutions that fit your specific needs. Our team of experts works closely with you to assess your current operations, recommend suitable products and equipment, and develop strategies to optimize your packaging process.

## 2. QUALITY AND CARE

---

Our unparalleled commitment to quality and customer service sets us apart in the industry. We're dedicated to offering immediate and impactful support, from system training and technical troubleshooting to answering any queries about our offerings.

## 3. EXPERIENCE AND EFFICIENCY

---

Our experienced engineers have a wealth of knowledge in designing and implementing automation solutions, ensuring seamless integration with your existing processes. We are dedicated to increasing efficiency, reducing downtime, and delivering turnkey solutions that automate key processes in your production line.

**WE SERVICE THE EQUIPMENT AND AUTOMATION NEEDS OF OUR CUSTOMERS IN OVER 5 COUNTRIES, 35 STATES, AND 500 PLANTS.**

---

# OUR COMPANY

# OUR EXPERTISE

**CONTINENTAL PROVIDES A WIDE RANGE OF PACKAGING EQUIPMENT AND SERVICES TO HELP BUSINESSES INCREASE EFFICIENCY, REDUCE DOWNTIME, AND IMPROVE THEIR BOTTOM LINE.**

1.

## Line Design and Layout

We design and layout custom packaging lines that fit your specific needs, increasing efficiency and reducing downtime.

2.

## Equipment Installation

We install and start packaging equipment to ensure seamless integration with your existing systems.

3.

## Support & Maintenance

We offer complimentary maintenance and auditing services to ensure that equipment is operating efficiently.

# TOPSEEDZ SEE A CASE

## Understanding Your Vision

We quickly grasp your goals and challenges to tailor solutions that reflect your business's core values in a single, comprehensive strategy.

## Crafting Customized Solutions

Our team combines creativity and technology with your vision to exceed expectations in a streamlined design process.

## Sourcing the Right Suppliers

We ensure seamless execution by meticulously selecting suppliers that align with your goals, making your vision a reality.

## Your Goals, Our Commitment

Our partnership focuses on transparency and excellence, turning your vision into success at every step.

## The Challenge

Current production can not meet customer demand. This client was limited by a 100% manual process and had to go from 1 shift to 3 shifts to maintain production standards. This production limitation and space halted growth opportunities.

## The Solution

From weighing, bagging, case packing, inspecting, and labeling – we unlocked the doors for this client to not only increase overall production capabilities but achieve a 10x throughput increase. A comprehensive integrated system will allow our client to run on a single shift, significantly cutting down on staffing needs while surpassing customer expectations.

# WHAT WE OFFER

# EQUIPMENT AND MATERIALS

## Stretch Wrappers:

- Semi-automatic stretch wrappers
- Fully automatic stretch wrappers
- Fully customized wrappers
- Orbital stretch wrappers

## Shrink and Poly Bagging:

- Automatic L-bar sealers
- Semi-automatic L-bar sealers
- Automatic bundling wrappers
- High speed Horizontal F/F/S
- Vertical F/F/S
- Pre-made bag filling
- Bag-in-Box inserters
- Full line of shrink tunnels

## Carton Erecting and Sealing:

- Automatic carton erectors
- Semi-automatic carton erectors
- Tray forming and packing machines
- Automatic case packers
- Automatic case sealers
- Random case sealers
- Uniform case sealers

## Strapping Equipment:

- Fully automatic pallet strappers
- Semi-automatic strapping machines
- Tabletop strapping machines
- Hand tools

## Labeling:

- Print and apply labelers
- High-speed labeling machines

## Material Handling:

- Case conveyors
- Pallet conveyors
- Robotic palletizers
- Dual load stackers
- Shuttle cars

## Stretch Wrap/Film:

- Machine stretch film
- Thin-gauge high-performance film
- Pre-stretched film
- Hand stretch film
- Colored stretch film

## Shrink Films:

- Polyolefin shrink film
- PVC shrink film
- Poly shrink bundling film

## Bags:

- Poly bags
- Poly tubing
- Poly sheets
- Anti-static poly bags
- Dunnage Air Bags

## Material Handling Products: New and Used (Reconditioned)

- Tier sheets
- Top sheets
- Slip sheets
- Pallet pads
- Load stabilizers

## Strapping Materials:

- Polypropylene strapping
- Polyester strapping
- Composite strapping
- Steel strapping
- Polypropylene twine

## Tape:

- Acrylic and hot melt carton sealing tape
- Water activated paper tape
- Printed and Colored Tape
- Industrial Masking and Filament Tapes

# CONTINENTAL RECYCLING

**WE OFFER A COMPREHENSIVE RECYCLING SERVICE  
THAT PAYS PROMPTLY AT MARKET LEADING RATES**

## IN ALL MARKET CONDITIONS WE BUY TRUCKLOAD QUANTITIES OF:

### Post-Consumer Paper Grades

- Sorted White Ledger
- Single Stream Co-mingled Material
- Sorted Office Paper
- Newspaper
- Magazines
- Corrugated Cardboard
- Cores
- Mix Paper

### Difficult Grades

- Mylar/Foil Chip
- Kraft Bags with Handles
- Used Kraft Tier/Slip Sheets
- Used Chipboard Tier Sheets
- Poly-Lined Bags
- Preprint Liner Rolls
- Carrier Kraft (Wet Strength)
- Beater Dyed Material
- Used Kraft Bags (Poly or Non-poly)
- Poly-kraft
- Sheets of Paper - Printed or Non-Printed
- Various Hard to Move Rolls

### Recycling Equipment

- Automatic horizontal balers
- Semi-automatic vertical down-stroke balers
- Strapping choppers

### Recycling Materials

- Bale ties

**We purchase, on average,  
800 truckloads of waste  
paper and plastic every  
month.**

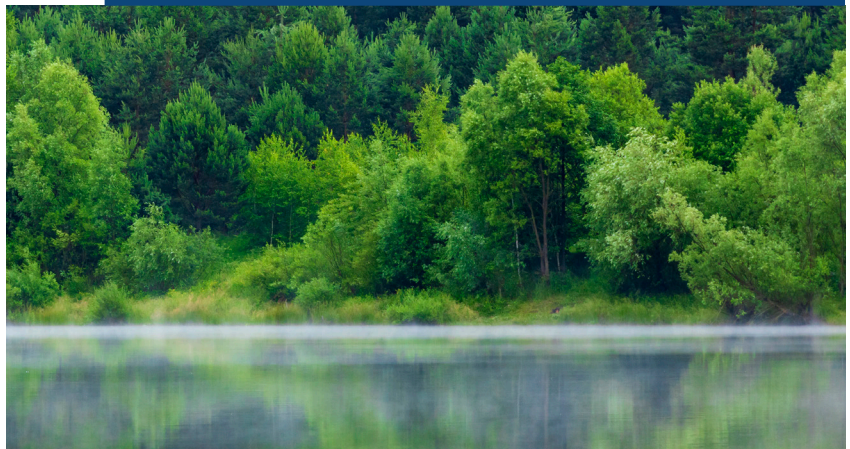

### Pre-Consumer Paper Grades

- Manifold White Ledger
- Coated Sulfite (Print Mix)
- Groundwood Sections
- Envelope Trim
- Kraft Grocery Bag
- Hard and Soft White
- Printed Solid Bleached Sulfite (SBS)
- Various Roll Grades
- Double Line Kraft
- Solid Unbleached Sulfite (SUS)
- Box Board Cutting
- Unprinted SBS
- #9 News (Over issue)
- News Blank

### Grades of Plastic

- #1-PET
- #2-HDPE
- #3-PVC
- #4-LDPE
- #5-PP
- #6-PS
- #3 - #7
- #1 & #2-c Co-mingled together
- Rolls and Sheets of Plastic
- Used Plastic Tier Sheets
- Super Sacks
- BOPP Metalized Plain or Printed Rolls
- Many Industrial Plastic Grades

**WE CAN HELP YOU MEET AND  
EXCEED SUSTAINABILITY  
REQUIREMENTS AND GOALS**
